

Top-Quality Metal Building Components

Delivered Fast. Built to Last.

We provide builders with reliable, high-quality components that simplify the building process and ensure lasting performance.

Component Type	Options	Typical Use
Roof & Wall Panels	PBR, AVP, R-Panel, Standing Seam	Siding, roofing, interior walls
Trim & Flashings	Eave, Gable, Corner, J-Trim	Finishing & weather protection
Fasteners & Accessories	Color-matched screws, closures, sealants	Sealing & repairs
Secondary Framing	Cee's, Zee's, Channels, Angles, Girts, Purlins, Eave Struct, Bracing	Structural support & framing
Insulation System	Liner System, Filled Cavity	Meeting energy building code

FOREMOST BUILDINGS offers an assortment of metal roof and wall panels to fit any application and aesthetic. Gauge, finish, and color options vary by panel profile. This selection guide outlines the available options for each panel profile to help customers identify the option that best fits their project.

1.SELECT YOUR PROFILE: Review the features and benefits of each panel profile, as well as warranty information, visit our website at support@foremostbuildings.com.

2.SELECT YOUR PREFERRED COLOR: Final color selection should be made from metal color chip samples. Contact your local Sales Representative for assistance. All Signature® 200 and 300 colors are Cool Roof compliant through the CRRC-1 Program. Visit coolroofs.org for more details.

3.SELECT THE OPTIMAL GAUGE: Your project application will help determine the optimal panel gauge to achieve expected performance targets. Our Sales Representatives are available to find the right panels to fit your building's exterior aesthetic and structural requirements.

COLOR AVAILABILTY BY PROFILE & GAUGE

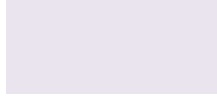

Metallic colors incur an upcharge; panels and trim are directional and must be installed in the same direction to prevent perceived shade variances. Product options and specifications based on manufacturer data. All trademarks belong to their respective owners.
